5 out of 5 stars 60 Minimalist Optimus UI The LG G Tab 7 0 is running Android 4 4.. The navigation buttons are on-screen which ensures better response time and less chance of mechanical wear but also means you're effectively giving up part of your screen estate.. Here's a quick look at how Optimus UI performs and looks on the G Tab 7 0 The lockscreen looks similar to what we've come to expect from LG and its peers.. Knock code • Kids mode Past the lockscreen, you're greeted by the familiar Android homescreen.. Plus, the LG G Pad 7 0 lets you customize either white or black color schemes, and even add quick shortcuts for Dual window, QSlide and QMemo+, and even the notification bar.. There's a clock widget on the top along with six app shortcuts on the bottom You have the ability to add widgets by swiping to the right, and you can also double tap to wake the device at any time.
